State Bred Horse Wins Santa Anita

Arcadia, Calif. — (AP) — Nodouble, who lost one \$100,000 added race on a disqualification earlier this season, came from out of the pounding pack Saturday and won the \$145,000 Santa Anita Handicap under an artistic ride by Eddie Belmonte.

The 4-year-old Arkansas-bred colt, well regarded in the betting, held off a gallant challenge by Gamble, the only mare in the field to win by one length.

Nodouble, owned by Verna Lee Farm of Gene Goff to DeQueen, Ark. paid \$10,60, \$6,60 and \$4,08.

Court Brushes Aside Student Trial Issue

WASHINGTON (AP) — The Supreme Court brushed aside today the idea that college demonstrators have a right to a "trial" before they can be suspended by officials for their activities.

The ruling serves to uphold the disciplinary powers of administrators and bars extension to the college campus of the court's affirmation last month of the free-speech rights of passive grade-school demonstrators.

Justice Abe Fortas, in a brief opinion, said that college students who engage in an "aggressive and violent demonstration" are not protected by the First Amendment's guarantees.

He distinguished the plea of 10 ousted West Virginia college students from the case of the De Moines, Iowa, school children whose rights to wear black armbands protesting the Vietnam war was upheld last month in a decision written by Fortas.

The Iowa children, Fortas said, were involved in peaceful nondisruptive expression. The 10 college students he said, were suspended "for violent and destructive interference with the rights of others."

The students were ousted from Bluefield State College in Bluefield, W. Va., following a 1967 demonstration termed "riotous" by school officials.

Praise for southpaws: About one in 10 persons is left-handed and many feel it is a distinct handicap. But Dr. Bryng Bryngelson of the University of Minnesota says: "Left-handed people tend to be more creative and more imaginative than right-handed people."

SCALE DOWN (from page one)

Sentinel sites, 24 in favor of going ahead with the work and 29 undecided.

Last year only 34 senators voted to delay deployment of the system and that was the 1968 high water mark for opponents.

Nixon is expected to call for resumption of work on the system which started under the Johnson administration and was frozen last month amid controversy over its cost, effectiveness, danger to cities and effect on possible disarmament talks.

The administration has indicated it wants to proceed with a revamped version which could be used for bargaining purposes in expected arms limitation talks with the Soviet Union.

The hope is that such a modified system would also be cheap enough to placate Sentinel cost critics and yet satisfy demands from the military and others for some sort of protection against possible Chinese attacks.

It's also expected that proposed missile sites for the nuclear-tipped Spartan interceptors will be moved as much as 30 miles from major population centers. Location of the sites near cities had drawn criticism from citizens who feared accidental explosions or that the areas would become targets for Soviet weapons.

Some 15 locations had been selected tentatively as missile sites at the time of the freeze, but work had started on only one, near Boston.

Even advocates of the system have been urging Nixon to cut back on deployment to about six sites in order to ease opposition.

39 Districts Will Vote on Bond Issues

By THE ASSOCIATED PRESS

Voters in 39 Arkansas counties go to the polls Tuesday to decide on 57 separate school bond proposals totaling more than \$20 million.

The largest request is \$2.5 million in the Little Rock District, but the issue will have no effect on the present 47-mill rate.

Districts seeking \$1 million or more include Malvern, \$1,803,000; Russellville, \$1,431,000; Osceola, \$1,270,000; Fordyce, \$1,087,000; and North Little Rock, \$1 million.

Seeking more than \$500,000 are Texarkana, \$856,000; South Mississippi County, \$830,000; Sheridan, \$748,000; Warren, \$629,000; Marion, \$607,000; Wynne, \$600,000; Searcy Special School District, \$600,000; and Lakeside (Garland County), \$500,000.

opened up along the blocked waterway.

Israeli shells hit Egypt's oil refinery at Suez for the fourth time since the 1967 war, and the Israelis said a petrochemical plant and oil storage tanks were still burning today. Egypt said three tanks were set afire.

Israel said one of its Piper Cubs was shot down, three Israelis including the pilot were killed and 14 were wounded.

Egypt said three of its men were killed and 13 wounded and it lost a MIG jet. Israel said the MIG pilot was captured. Egypt also claimed its forces brought down an Israeli Mystere jet, but Israel denied this.

The semi-official Cairo newspaper Al-Ahram said Riad had flown by helicopter to Ismailia Sunday and was observing the artillery duel with a group of officers when the shell landed close to him. Others in the group were only slightly injured, but the 50-year-old general died shortly after he was taken to the Ismailia hospital.

APOLLO FLIGHT (from page one)

Force Col. Thomas P. Stafford, is scheduled to orbit the moon with a lunar module in May—paving the way for a landing by two members of the Apollo 11 crew in July.

McDivitt, Scott and Schweickart were told by mission control not to do any unnecessary maneuvering with their control jets because they were slightly low on fuel.

"We're budgeting them at 30 pounds a day," reported flight director Eugene Kranz. "We're running a little behind because of two areas. We used about 50 pounds more than anticipated on the original transposition and docking with the LEM. In addition we used significantly more on the command module during the rendezvous than we anticipated."

"So we're starting to watch the redline (danger line) on the propellants,"

BANKERS NOT (from page one)

\$89.7 million in February as Frenchmen bought other currencies abroad for safety. The losses of gold and foreign currency were reported accelerating this month, but the De Gaulle government still has billions to draw on, including a special fund set up by the central bankers last fall. It hasn't been touched.

A record-breaking rise in the price of gold on the free market last week started devaluation speculation. The central bankers said Sunday the significance of the gold rush was exaggerated by the newspapers.

The market price for gold went up to \$48.31 an ounce in Paris Friday. The run was caused not only by fears about the franc, but by the decision of South Africa, the Western world's largest gold producer, not to sell any large part of its stocks on the free market.

The Nixon administration, which has remained committed to the official price of gold at \$35, would like to see South Africa sell and force the free market price down. This would relieve devaluation pressures in Britain and the United States.

Little Hope Given Pine Bluff Board

PINE BLUFF, Ark. (AP) — In a telegram to the Pine Bluff School Board Sunday, Sen. John L. McClellan, D-Ark., gave the board no hope for any relief from school desegregation mandates by Robert H. Finch, secretary of Health, Education and Welfare.

Harvey McGeorge, president of the board, had asked McClellan for information on what the Nixon administration might be expected to do about mandates for total integration of the school system.

The district is under orders to desegregate completely or lose federal aid. It was learned, however, that the board has received a one-year continuation on its present freedom-of-choice plan for elementary schools.

"Contrary to news reports and rumors, Secretary Finch made no promises and gave no assurance which would warrant any strong hope that HEW can or will grant any effective relief from Supreme Court desegregation mandates or from existing guidelines under which our local school districts are now required to operate," McClellan said.

"Although Secretary Finch personally evidenced a thorough understanding of and appreciation for our school problems, he gave no indication that the present administration will pursue policies significantly different from those of the past administration with respect to Civil Rights issues including the prohibition of freedom-of-choice plans where they have not resulted in the elimination of dual school systems," McClellan said.

In the upper grades at Pine Bluff, all white and Negro students in the 11th and 12th grades will attend Pine Bluff

High School beginning this September. All students in the ninth and 10th grades will be assigned either to Merrill or Southeast, formerly all-Negro schools. Students in the seventh and eighth grades will be placed in three schools on a ratio of about 60 per cent white and 40 per cent Negro.

Legislature to Decide on Ending Meet

LITTLE ROCK (AP) — The Arkansas Legislature convened today to begin deciding on when this session should end.

The House and Senate have adopted a concurrent resolution calling for an extension of the session, which was scheduled to end Thursday.

The legislators apparently plan to either extend the session until work is completed, or to recess for a week or two and return.

Meanwhile, the Senate, which convened at 1 p.m. today, and the House, which convened at 11 a.m., face another busy week.

The legislators still must face about 170 appropriation bills, many of which have not been introduced, including the general appropriations bill for the state's constitutional officers, courts and General Assembly.

Under the Constitution, it is the first biennial appropriation that must be enacted. No others can pass both houses until the general bill is through.

Some bills still to be decided include a distribution formula for getting state aid to the school districts, a bill giving the state Welfare Board instead of the governor the right to appoint the state Welfare commissioner and bills increasing the incorporate and personal income tax.

The tax bills have been defeated but are under notice of reconsideration.

College Play Here Wed.

Left to right in photo: Johnny Homesley, Terry Bloodworth and Lance Jones.

Wednesday, March 12, at the First Presbyterian Church in Hope, Arkansas, the Arkansas College Tartan Troupers, a branch of the college's Harlequin Theatre, will present "It Should Happen to a Dog" by Wolf Mankowitz. "It Should Happen to a Dog" is a serio-comic strip, which, those who know the story of Jonah will see, is faithful to the original. The characters speak as people we know personally because there is no other way to know characters.

The play has a cast of two. Terry Bloodworth of Searcy plays Jonah, and Lance Jones of work out a compromise on a cigarette tax increase.

Hope plays A Man seen variously as a Sailor, A King, and an Angel. The message of the play is "Why should I not spare Nineveh?" The play presents how God feels about Man—unlike Man who is less tolerant of himself. Lance Jones is the son of Mr. and Mrs. Haskell Jones of Hope. He attended Hope High School and graduated in 1965. A senior at Arkansas College, Lance is very active in student affairs. He is a member of the choir and the Young Republicans, and has served as president of both Circle K, a service organization, and the Student Christian Federation. Lance had a major role in the fall production of "Lion in Winter" and will be case in the role of Earthquake McGoon in the spring production of "L'il Abner." His part in "It Should Happen to a Dog" is only one of his many accomplishments.

GREENHAW — DUKE EX-CHANGE VOWS

Miss Linda Ann Greenhaw, daughter of Mr. and Mrs. Herbert Greenhaw and Sgt. Johnny Duke, son of Mr. and Mrs. Harold Duke, all of Hope were united in marriage on Thursday, February 20 at 7 p.m. in the First Baptist Church of Hope. The double-ring ceremony was performed by Rev. Gerald Trussell. Prior to the ceremony, Mrs. Jewell Moore Jr. presented nuptial music.

Given in marriage by her father, the bride wore a two-piece suit of candlelight beige. She carried a bouquet of feathered carnations. Mrs. Ralph Thomas of Winnsboro, Louisiana, sister of the groom, served as matron of honor. Mr. Bruce Duke, brother of the groom, served as best man.

A reception in the home of Mr. and Mrs. Floyd Osborn followed the wedding.

Sgt. Duke is now stationed at Offutt AFB, Omaha, Nebraska.

UDC CHAPTER MEETS

Mrs. Emmett Thompson was hostess for a meeting of the Pat Cleburne Chapter, UDC on Thursday, March 6. In addition to the pretty flowers in the home, a pink, camellia corsage was presented to each one in attendance by Mrs. J.W. Branch.

During the business meeting, the chapter president, Mrs. H.C. Whitworth, announced a meeting of District 4 would be held in Washington, April 16. She urged

anyone knowing the whereabouts of an unmarked grave of a Confederate soldier to please contact a member of the UDC to secure a marker.

For the program, Mrs. Branch reviewed "Matthew Fontaine Maury, Pathfinder of the Sea" by Dr. Charles Lee Lewis. This book has been placed in the local public library on the UDC shelf, and it is interesting to note that the author is a relative of Mrs. Richards Howard of Hope. Strawberry pleand coffee were served for refreshments.

Miss Dell McClanahan returned home Friday night after an extended visit in Baytown, Tex., with relatives.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "Bonanza," in an episode considerably off its usual track, combined on Sunday night many of the standard ingredients of a Western with a lesson based on man's inhumanity to man.

The episode was written and directed by Michael Landon, who plays one of the Cartwright brothers most weeks, but turned the lead in the episode over to Dan Blocker.

It was a story about a Negro farmer, a former slave who had bought his freedom and moved west with his family. Hoss—Blocker's role—encountered the 7-year-old farmer's son saying: "I wish my papa was white." The story then moved in the expected direction.

Hoss took the boy back to his farm and found the rest of the family in dire straits. He tried to turn good Samaritan and since there had to be conflict, it came when he returned to town with the two boys and some eggs they had for sale.

A pair of bullies picked on the boys and called them names—names rarely heard on televi-

HELEN HELP US!

by Helen Bottel

SWEARING CAN BE A DISEASE

Dear Helen: My husband is basically a good man, but his language is enough to melt the walls. It has always been this way, but I think his swearing and obscene words have become worse since the children came. Or maybe I notice them more because when you hear your child called a terrible, dirty name, you want to kill, almost.

We don't have a mad house, Helen, so he can't blame this on nerves. Those filthy words just flow out. He hardly remembers saying them, though they're worse when he gets mad.

I've tried everything including the threat of divorce. Nothing helps. He's a longshoreman, so I guess he comes by those words naturally, but why can't he leave them on the job? — FED UP
Dear Fed Up: Uncontrollable swearing can be a disease. I wouldn't dare diagnose from here, but I do advise you to discuss this situation with your doctor. He will perhaps steer your husband toward professional help.

If those words are merely habit, you might cure him by walking out of the house the mo-

ment they start. Be sure you and the children stay away long enough to let the lesson percolate. — H.

Dear Helen: Is it true that the parents of the bridegroom must pay for the reception? — PERPLEXED

Dear Per: Not true. Parents of the BRIDE foot the entire wedding and reception bill. A happy gesture is for the bridegroom's parents to entertain the wedding party at dinner after the rehearsal. — H.

NOTE TO THOSE WHO NEED IT: A good book "THE CHECK LIST FOR A PERFECT WEDDING," by Barbara Lee Follett, answers all your questions. It is paperback, inexpensive, and can be ordered at your local bookstore. — H.

Dear Helen: It's a good thing

I can't meet up with "Lonely Frustrated Husband" or we might just wander off into the sunset leaving our unloving mates behind.

I am nice looking, pleasant, keep a neat home. My husband has been given all the loving attention a man can handle, plus forgiveness for anything he does. Sex is never forbidden or bargained for — from my side.

He is the love-withholder, for any little annoyance. If I long to be kissed, he'll say, "What's wrong with YOU?" — making me feel almost obscene.

If I have been ill, he turns from me completely. When he had the flu I waited on him like slave, but when I caught it, he never once came into the sick

room. It was as if he hated me for inconveniencing him. Or I was "unclean."

When he wants love it's for his own satisfaction only. And this is very seldom, as if he feels guilty about it. He reads, eats, and watches TV, and I don't dare talk to him.

Is it any wonder I dream about another man — almost any man would do? — LONELY FRUSTRATED WIFE

Dear Wife: No wonder at all! But before you give up on this marriage, remember your husband is a lonely, blighted man who somehow associates sex with shame. If a counselor could change his attitudes, you'd find those daydreams aren't necessary. — H.

Commander of Pueblo to Testify

CORONADO, Calif. (AP) — For the third time, Cmdr. Lloyd M. Bucher goes before a Navy court of inquiry today for questioning about the capture of his intelligence ship, the USS Pueblo, and imprisonment of his men in North Korea.

E. Miles Harvey, Bucher's attorney, also summoned Vice Adm. J. Victor Smith, who helped negotiate the release of Bucher and his 81 men just before Christmas. Smith was a U.N. negotiator on the Korean Armistice Commission.

The calling of witnesses by Bucher's attorney marked the last phase of the inquiry, in its eighth week.

Bucher took up the first week with a detailed narrative of his capture by North Korean gunboats in January 1968 off the coast of Wonsan. He also gave a tearful account of how the North Koreans tortured him.

He took the stand again after the court had finished questioning the crew on the capture. Bucher replied to queries about apparent contradictions between his account and testimony of the crew.

Harvey summoned Cmdr. Peter F. Block to testify Tuesday. Block was Bucher's commanding officer when he served on the submarine Ronquil.

Storing Hint

When putting summer things away in the attic for winter, label each package to save needless unwrapping when you need it later. Tie packages with wet string. This shrinks as it dries and gets tighter.

tion until recently — and smashed the eggs.
Hoss, of course, intervened with two well-placed rights to the jaws of the bullies. The bad guys retaliated later by beating up the little boy. This led to another round of fistfights, this time by the boys' father.

The story had an interesting twist in the bitter attitude of the Negro farmer — well played by Ossie Davis — toward his benefactor as well as his despair and resignation about the bigotted townfolk. There were some awkward and saccharine bits, particularly in scenes between Blocker and a fine young actor named George Spell, who played the smallest boy. Generally it appeared that Michael Landon is a better actor than a script writer, but he proved that his heart is in the right place.

CBS, in a last minute switch, substituted a rerun of a two-month-old "Smothers Brother Comedy Hour" for the new program originally scheduled Sunday night.

Network spokesmen said the change was made because CBS did not receive a tape of the new show in time to permit executives of its affiliated stations to preview it on a closed circuit. "The content of the broadcast is not at issue," said a network statement. "As broadcast licensees, the stations affiliated with the ... network have the right to preview on request any program before it is presented on the air."

The program announced originally for the time period had folk singer Joan Baez and comedian Jackie Mason as guest stars. Miss Baez has taken a well-publicized stand against the Vietnam war and been the center of considerable controversy.

The Smothers Brothers have conducted running warfare against CBS censorship policies and occasionally have had material blue-pencilled, particularly material of a political nature.

The network spokesman said, however, that an announcement would be made early this week setting the date on which the program would be broadcast.

Texarkana Golfer Just Misses First

By SHEILA MORAN
Associated Press Sports Writer
ORLANDO, Fla. (AP) — Ken Still and Sandy Koufax have something in common beside a personal friendship—they both waited a long time to become winners.

But while Sandy sat on the Dodger bench waiting for his chance, Still bounced around 16 years from job to job before winning his first golf tournament.

Ken's moment finally came Sunday at the \$115,000 Citrus Open with a final round 70 for a 72-hole total of 10-under-par 278, one stroke ahead of Miller Barber. But it came the hard way.

"It was a peculiar round," Still admitted after accepting the \$23,000 first prize.

The friendly, 34-year-old bachelor from Tacoma, Wash., said he felt he'd win the tournament after an eight-foot putt for a par 5 on the first hole of the par 72 Rio Pinar Country Club course. But his prediction was premature.

He hit into a lake on the 165-yard, par 3 12th for a double bogey and scrambled for a par 4 at 14 when he found the water again. And at 18 his second shot landed in the gallery.

"I started to cry in the middle of the 18th fairway because I knew if I'd par in, I'd win," he said.

"When I finished I felt like jumping over the top of the TV stand. I've never been so happy."

Barber blew himself out of contention when he topped his tee shot at 18 and landed his second shot under the bleachers for a double bogey 6.

Johnny Pott, tied after the third round with Bert Yancey, wound up at 280 with Orville Moody.

Gay Brewer finished at 281. In at 282 were Lee Trevino, Dave Stockton, Tom Weiskopf and Lee Elder.

Yancey posted a 283 and tied for 10th with Jack Nicklaus, 1968 champion Dan Sikes, Dean Refram and Dale Douglass.

Still, a baseball fan, met Koufax when he lived in Los Angeles. They frequently teamed for pro-am events.

"I admire Sandy more than anyone in sports," Still said.

Still's golf career almost ended when it began. He was released by the head pro at his first club job in Tacoma. From there on he worked various jobs before his money ran out.

Still got a new manager and joined the tour full time in 1961. "I had my ups and downs after that and almost quit the tour in 1964," he said.

But he stuck it out. Sunday's first prize boosted his career earnings to more than \$75,000. "Golf has been very good to me," Still said.

Pinch Hit Starts Romp by Braves

By DICK COUCH
Associated Press Sports Writer
Luman Harris and Ralph Houk have discovered, much to their satisfaction, that some good hitters are neither born nor made—but designated.

Now all they have to do is come up with a couple of able appointees to pinch hit for pinch hitters Hank Aaron and Roy White.

Aaron, batting in the pitcher's spot under the designated pinch hitter rule being tried out in spring training games, started Harris' Atlanta Braves to an 11-3 romp over Los Angeles Sunday by smashing a first inning home run.

White, playing the same role for Houk's New York Yankees, scooped a tying, three-run homer in a four-run ninth that nipped Baltimore 7-6.

Aaron, however, was hit on the right knee by a Pete Mikkelsen pitch in the seventh inning and will miss today's Braves-Yankees exhibition at West Palm Beach, Fla. And White, who joined the Yanks on a weekend pass from the Army, will be back on duty at Fort Dix, N.J.

While Aaron and White were delivering the long ball in the pinch for the Braves and Yanks, conventional homers helped six other clubs nail exhibition victories.

Joe Lis hit a three-run blast in the 10th inning, keying Philadelphia's 8-4 triumph over Pittsburgh. Larry Hise and Johnny Callison also homered for the Phillies and Jose Martinez connected for the Pirates.

Rookie Ken Myette pitched three scoreless innings and clouted a two-run homer, leading Cincinnati past the Chicago White Sox 4-0. Detroit scored five runs in the first inning—three on Bill Freehan's homer—and whipped Minnesota 6-3.

Homers by Dalton Jones, Reggie Smith and Billy Conigliaro powered Boston to a 12-4 romp over St. Louis.

Joe Morgan hit a two-run shot as Houston flattened the New York Mets 5-3 with five runs in the third inning and Al Ferrara touched off a four-run second inning burst with a two-run wallop, pacing the San Diego Padres to a 6-2 victory over the San Diego Marines.

San Francisco cuffed Cleveland with five first-inning runs and routed the Indians 9-3 for a 3-0 exhibition mark. Willie Mays, the Giants' new leadoff hitter, started the first-inning fireworks by drawing a walk and singled in the fifth to trigger a two-run wrap-up rally.

Aurelio Rodriguez, Jarvis Tatum and Tom Egan cracked three hits each as California thumped the Chicago Cubs 10-5. Gerry McNertney's double launched a three-run sixth-inning flurry that carried Seattle to a 6-3 verdict over Oakland.

Kansas City's A team trimmed Washington 5-2, handing Ted Williams' Senators their third setback without a victory, and the Royals B squad, rocked by five Montreal runs in the top of the eighth, struck back with six in the bottom half for an 8-5 conquest of the Expos.

All-Tourney Teams Picked in State Meet

LITTLE ROCK (AP)—Here is the Class AAA all-tournament team:
Glenn Abbott and Randy Vest, North Little Rock; Chris Davis and Rodney Herndon, Little Rock Central; Dick McLellan and John Seales, Pine Bluff; Danny Thomas, Hot Springs; Dana Edwards, El Dorado; Nick Aylos, Fort Smith Northside and Jerry House, Fayetteville.

Davis was voted the outstanding player in the Class AAA tournament.
Ricky Drury, Jerry Finley and Ricky Porter 10 for North Little Rock, Chris Davis, had 19 points for Central.

Lincoln of Camden Wins State Title

LITTLE ROCK (AP)—Camden Lincoln became the first Negro school to win the Class AA state basketball championship when it defeated Leachville 77-53 Saturday night.

The free-wheeling Tigers ran up a 10-0 lead in the early minutes of the game. Leachville managed to come back to a 15-15 tie but then Lincoln unleashed Donnie Davidson.

Davidson, a 6-foot-11 junior, scored 26 points and continually outjumped Leachville's taller Lions. Eddie Ray Moore scored 18 points for the Tigers on long jumpers before fouling out late in the third quarter.

The Lions, trailing 33-24 at the half, made it 34-30 in the early minutes of the third quarter as Ricky Drury hit two field goals.

Moore and Davidson then went to work again, rattling off 15 points between them and Lincoln entered the final period with a comfortable 49-35 lead. Lincoln stretched its lead to 60-37 later in the fourth quarter.

Drury led Leachville with 16 points and Larry Box added 12.

Pirate Skipper Wants Change This Year

By JACK HAND
Associated Press Sports Writer
BRADENTON, Fla. (AP) — When Larry Shepard got the word from Joe Brown, Pittsburgh general manager, that he was rehired for another term as manager of the Pirates, he called up his wife.

"We're going to be back in Pittsburgh," said Shepard with a lift in his voice.

"That's nice," replied Mrs. Shepard.

"Don't you understand, honey," said Shepard. "I've been rehired."

"If that's what you want, it's fine. I just don't want to put in another year like last year."

It was that kind of a year for the Shepard family—Larry, wife Joyce and Larry, Jr., his 13-year-old son.

"I managed 19 years," said Shepard, "and I never had one like that. I begin to wonder if St. Jude had left me."

Gene Alley couldn't throw. Bill Mazeroski couldn't run. Roberto Clemente hurt his shoulder and couldn't take his normal swing. Willie Stargell ran into a wall.

Freddie Patek, Alley's stand-in, was hit by a pitch. Jim Bunning pulled a muscle and then sprained an ankle. Tommie Sisk twisted an ankle. It was a wonder Shepard didn't cut his throat.

After waiting all these years to get a chance to manage in the big leagues, Shepard found himself the boss of a walking hospital. The Pirates, picked by the writers to finish second to St. Louis, trundled home sixth, 17 games back.

"I still think we had the material to compete with anybody in the National League," said Shepard, "but everything went wrong."

"This year I hope we can find a little more sting. And we're going to spend more time on fundamentals."

"I don't know yet how the kids will work out. We have to replace both Maury Wills and Donn Clendenon, who went in the expansion draft. If the big guys can help carry the load and if we can avoid those injuries, we should be all right."

Shepard has two youngsters—Al Oliver and Bob Robertson fighting for Clendenon's old first base job. Oliver hit .315 with 14 homers at Columbus in Triple A season because of surgery for a kidney ailment but he hit with power in four previous years in the minors. They may platoon the job.

Wills' successor probably will be Richie Hebner, who batted .276 at Columbus last year.

The old problems of '68 came back to haunt Shepard in spring training when Alley, his regular shortstop, was sent to Norristown, Pa. for observation for a mysterious shoulder ailment. Alley hurt the shoulder in late '67 and had trouble putting anything on the ball last year, while slumping to .245.

Patek, the 5-foot-4, might mite, may become the regular.

Shady Patton and Dicky Bush, Camden Fairview; Roger Morris, Harrison; Stan Brummett, Paragould and Herbert Mumford of Little Rock Catholic.

Box was voted the tournament's outstanding player.

UCLA Handed First Loss in 85 Games

By MIKE RECHT
Associated Press Sports Writer
Hope once again springs eternal in the human breast, thanks to the Southern California Trojans. They have proved that UCLA's basketball team is mortal after all.

Where only two days ago the teams remaining in the NCAA postseason tournament were given little chance of dethroning powerful UCLA, the much-beaten Trojans made the once impossible dream come true.

USC, which is not even in the tournament, did it by upending the Bruins 46-44 Saturday night in a colossal upset in the last regular season game for both clubs. The loss ended UCLA's 41-game victory streak, its 85-game string at home and was only its second defeat in 90 games.

While the loss probably will serve to arouse the methodical Bruins when they begin defense of the NCAA title they have won the last two years, it also has given all challengers the new idea that UCLA can be beaten.

"It only proves UCLA is mortal," said Lou Carnesecca, coach of St. John's, one of the teams that advanced to the regionals last Saturday with a 72-63 victory over Princeton.

"The loss could be a great thing for UCLA because it now takes the pressure of the long winning streak off, or it could be that the team is mentally and physically tired. If that's the case, they could be in for trouble."

Coach John Wooden of UCLA felt the loss "might help us in tournament play."

"We were not fired up. They wanted it a little more than we did."

USC, a cross-town rival which pushed the Bruins into double overtime Friday night before losing 61-55, beat UCLA for the first time in 18 games on Ernie Powell's jump shot with seven seconds remaining.

Playing a slowdown game, the Trojans, who lost 11 games this season, took only 20 shots and hit 12 of them. But just as important, they held giant 7-foot-1 1/2 All-American Lew Alcindor to 10 points, largely on the play of 7-1 Ron Taylor.

New Mexico State, 24-3, a 74-62 first-round winner over Brigham Young Saturday night, will get the first crack at the top-ranked Bruins in the tournament Thursday night in the Far West regional.

There were several less spectacular upsets in the first round as Miami of Ohio surprised 17th-ranked Notre Dame 63-60, Weber State slipped by Seattle 75-73 and Colorado State edged Dayton 52-50. Elsewhere, the favorites advanced.

Fifth-ranked Davidson ousted 10th-ranked Villanova 75-61; Duquesne, No. 9, had a 74-52 breeze over St. Joseph's, Pa.; Marquette, No. 14, blasted Murray State 82-62, and Texas A&M bombed Trinity, Tex., 81-66.

North Carolina, No. 4, moved into the tourney by getting by Duke 85-74 for the Atlantic Coast Conference title, and Colorado won a bid by winning the Big Eight crown with a 92-73 rout over Missouri while Kansas lost to Kansas State 64-57.

Drake and Louisville, which tied for the Missouri Valley Conference title, play off tonight at Wichita, Kan., for the NCAA automatic bid. The loser will complete the National Invitation Tournament field.

Hazzard broke Lennie Wilkins' Hawk mark of 18 assists, feeding off for 12 baskets in the first half. Lou Hudson scored 30 points and grabbed 17 rebounds for the Hawks.

The Celtics celebrated Sam Jones Day by running off to a 52-24 lead in the first half as Jones and Larry Siegfried divided 32 points. Siegfried finished with 28 points to lead the Boston blitz.

Jones, a standout on nine of the Celtics' 10 NBA championship clubs, was honored at halftime. He will retire at the end of the season.

Three Players Cut Fancy Double Figures

By THE ASSOCIATED PRESS
Gail Goodrich, Walt Chamberlain and Walt Hazzard cut some fancy double figures in the National Basketball Association while the Boston Celtics zoomed back into the three-digit class.

Goodrich poured in 47 points and handed out 15 assists, propelling the Phoenix Suns to a 146-133 victory over the San Diego Rockets Sunday.

Chamberlain hauled down 37 rebounds, helping the Los Angeles Lakers subdue the Baltimore Bullets 120-109, and Hazzard set an Atlanta record of 19 assists in the Hawks' 134-107 romp over the Cincinnati Royals.

The Celtics ended a three-game losing streak and reached the 100-point mark for the first time in six starts by destroying the San Francisco Warriors 138-89.

The Philadelphia 76ers trimmed the New York Knickerbockers 110-101 and moved within 1 1/2 games of Baltimore's Eastern Division leaders and the Milwaukee Bucks topped the Detroit Pistons 126-121, snapping a five-game losing string, in Sunday's other games.

In the American Basketball Association, Denver topped Los Angeles 118-103, New Orleans whipped Houston 116-102, Kentucky took Minnesota 118-104, Indiana beat Miami 128-123 and Oakland slammed New York 129-104.

Goodrich's point spree—a pro career high for the Phoenix backcourt star—offset 39 points by San Diego ace Elvin Hayes. Jim Fox and Dick Snyder scored 21 apiece for the Suns, as did the Rockets' Don Kojis.

Chamberlain's board work and Jerry West's 34-point effort led the Lakers past Baltimore and kept them four games ahead of second place Atlanta in the Western Division pennant race. Kevin Loughery and Earl Monroe each hit 29 points for the Bullets, who have dropped four in a row.

Hazzard broke Lennie Wilkins' Hawk mark of 18 assists, feeding off for 12 baskets in the first half. Lou Hudson scored 30 points and grabbed 17 rebounds for the Hawks.

The Celtics celebrated Sam Jones Day by running off to a 52-24 lead in the first half as Jones and Larry Siegfried divided 32 points. Siegfried finished with 28 points to lead the Boston blitz.

Dampier, who hit five three-point goals several nights earlier, pumped in six in a row against the Pipers, and Carrier notched four as Kentucky built a 64-50 halftime lead, enlarged it to 93-64 after three periods and coasted at Louisville.

At Indianapolis, Indiana pulled ahead 72-57 at intermission and then held off Miami, which climbed within 124-121 with 1:06 left. Roger Brown had 38 points and Freddie Lewis 34 for Indiana while Don Freeman had 39 for Miami.

On Saturday, Minnesota outlasted Houston 132-129 in two overtimes, Dallas beat Denver 121-111 and New York defeated Los Angeles 120-110.

In the National Basketball Association Sunday, Boston manhandled San Francisco 138-89, Philadelphia stopped New York 110-101, Milwaukee trimmed Detroit 126-121, Atlanta staggered Cincinnati 134-107, Los Angeles tumbled Baltimore 120-109 and Phoenix outlasted San Diego

Hot Shooters Move Colonels Far in Front

By THE ASSOCIATED PRESS
Louis Dampier and Darel Carrier, a pair of hot-shot, long shots, have moved the Kentucky Colonels from far out into first place in the American Basketball Association's Eastern Division.

Taking full advantage of the ABA's three-point rule for field goals of more than 25 feet out, Dampier poured in 42 points and Carrier 31 as the Colonels trounced Minnesota 118-104 Sunday and replaced Miami in the top spot.

Miami fell all the way to third, one game and 16 percentage points behind Kentucky, by dropping a 128-123 decision to Indiana, which took second, a half game and 11 percentage points back.

Fourth-place Minnesota fell two games behind.

In other games, Denver blasted Los Angeles 118-103, New Orleans overcame Houston 116-102 and Oakland pounded the New York Nets 129-104.

THE WELL CHILD

Events Were Too Swift For Any Possible Cure

By WAYNE G. BRANDSTADT, M.D.

A heartbroken mother writes that her 2-year-old son awoke one morning without any previous sign of illness and refused to swallow because it hurt him. His temperature was elevated and by nightfall he was dead. The doctors who saw him said he died of edema and that it was common in preschool children.

What this child had was an overwhelming fulminating infection—not really very common—that caused a sudden edema (waterlogging) of his lungs or epiglottis (entrance to the windpipe) or both. The causative organism is usually the influenza bacillus (not the flu virus that is going around), the diphtheria bacillus, a staphylococcus or a streptococcus. A contributing cause is often an absence of gamma globulin (agammaglobulinemia) in the child's blood. When events occur with such swiftness, there is never time to put effective curative measures into use.

Permits Are Ruled Invalid by Court

LITTLE ROCK (AP) — The Arkansas Supreme Court today upheld a Pulaski Chancery Court ruling which held invalid Class 6 permits issued by the state Alcoholic Beverage Control Board that authorized the sale of alcoholic beverages for on premise consumption in private clubs.

The ABC issued the permits in 1968 during a longhassle over the legality of serving mixed drinks in private clubs.

Atty. Gen. Joe Purcell had said there was no way of legally selling mixed drinks in the clubs, so the ABC began issuing the Class 6 permits.

Class 6 permits were an undefined part of the Thorne Liquor Act of 1935.

The high court, in an unanimous opinion, said the 1935 act gave authority only for the adoption of rules and regulations controlling the manufacture and sale of alcoholic beverages.

The question has virtually become moot since the Arkansas Legislature this year passed and Gov. Winthrop Rockefeller signed into law a bill which would legalize the sale of mixed drinks in hotels, motels and restaurants if approved by voters in a wet county in a local option election.

The law also authorizes the ABC Board to issue permits allowing private clubs to serve mixed drinks.

Elections to Involve Freedom Group

By THE ASSOCIATED PRESS
Freedom Inc., a group dedicated to continuance of the freedom-of-choice plan of desegregation in pupil assignment, has involved itself in school elections Tuesday in two districts.

The organization has a slate of three members running for the Pine Bluff School Board against three incumbent members who supported a plan for the total desegregation of the Pine Bluff school system by 1970.

At Warren, Freedom Inc. is opposing a millage increase to build a new high school, which would house totally desegregated classes.

Fear of increased integration reportedly is in the background of opposition to a no-vote consolidation plan that will be voted upon by school patrons of McGehee and Dermott.

U.S. District Court Judge Oren E. Harris has given the Warren School Board until April 1 to submit a plan after hearing testimony that the bond proposal might be in danger if total integration was ordered immediately.

A nine-mill tax increase was proposed by the Warren board to finance construction of a \$650,000 high school complex, which, if approved, would serve consolidated classes of the present white and all-Negro night schools and the all-Negro school would be phased out.

Freedom Inc., which has chapters in 21 states, first came into prominence last fall at Warren when it filed a suit to block total integration of the first six grades.

Ali Recites, Sings and Quotes Poetry

LITTLE ROCK (AP) — Muhammad Ali, the former world heavyweight boxing champion who changed his name from Cassius Clay, spoke in Little Rock Sunday and covered his religion, recited some of his own poetry and sang a song.

He said American has had a "severe race problem for more than 400 years" when the first slaves were brought to America.

"The riots, shooting, looting and forced integration are all bred out of the injustices forced on us by the white man," he said, adding that is how it has always been and how it always will be as long as black and white are forced together.

He said throwing off white oppression by violent means would be impossible from a practical standpoint, so separation should be the goal.

"We've got 22 million black people," Ali said, referring to some Negroes call for an armed revolution against whites, "and not one of them owns a factory that can make bullets. We've got 22 million and we don't grow potatoes. They wouldn't have to fire a shot. If the white men just closed up their grocery stores, we'd starve to death."

In their role as "American Negroes," Ali said, black people are subject to oppression they wouldn't receive if they had an identity of their own.

"A black African can go places in American you can't go," he said, and he illustrated:

"Hello, I'm from Nigeria."
"Come in Mister Nigerian, says the white man."
"I'm from Ethiopia."
"So glad to see you Mister Ethiopian, sit right down."
"I'm an American Negro."
"Pow!" and Ali made as though he were hitting a head.

All also was critical of the Christian religion.

went to state courts to block the plan, but the Department of Health, Education and Welfare took the case into federal court.

Harris then ordered the district to file a plan for total desegregation of all grades.

Ray Pleads Guilty to King Murder

By BILL JOHNSON
Associated Press Writer
MEMPHIS, Tenn. (AP) — James Earl Ray pleaded guilty today to murdering Dr. Martin Luther King Jr. and agreed to accept a 99-year sentence in the Tennessee State Penitentiary.

He said, however, that he did not agree with a theory apparently held by his own lawyer that there was no conspiracy to assassinate King. But, he said, "I agree with the stipulation" to plead guilty.

"I've never had hopes of anything except... to save this man's life," said Ray's lawyer, Percy Foreman of Houston, Texas. "It took me months to prove to myself... that it was not a conspiracy."

Five witnesses then testified to the actual fact of King's slaying, at the Lorraine Motel here April 4, 1968. This is necessary under Tennessee law in a case where the death penalty could be involved.

Then, the jury must retire to go through the formality of setting the 99-year sentence.

The jury was chosen from a venire picked two weeks ago, but the jurors themselves had no idea, a court spokesman said, that they would be assigned to the Ray case until court began this morning.

Criminal Court Judge Preston Battle asked Ray, who was called to the stand, whether he understood that his guilty plea meant he waived all rights to appeal. He also was asked if the decision to plead guilty was his own and of his own free will.

"I agree with the stipulation," Ray said, and then told the judge he wanted to add something.

Asked what it was, Ray said he wanted to go on record as saying he did not agree with "the theory that there was no conspiracy."

In Atlanta, Ga., the Rev. Martin Luther King, Sr., father of the slain civil rights leader, said he had no comment on Ray's plea. Mrs. Martin Luther King Jr., widow of the slain man, was reported to be out of the city and not immediately available.

Honorary Girl Scout Head

NEW YORK (AP) — Mrs. Richard M. Nixon has been named honorary president of the Girl Scouts of America, the GSA announced Sunday.

Both daughters of President and Mrs. Nixon—Patricia and Julie—have been Girl Scouts.

The Wicked Witch Is Dead. Its songs rang around the world — four on radio's "Hit Parade" at one and the same time; and the British Tommies marched on Tobruk in World War II's North African campaign singing "We're Off to See the Wizard."

What did the film characters want to see The Wizard about? Well, there was Ray Bolger as The Scarecrow, who had no brain and wanted The Wizard to give him one; Jack Haley was The Tin Woodman looking for a heart; and Bert Lahr was The Cowardly Lion, looking for courage.

The late Remmel Young, then manager of the Saenger theater, brought this classic into Hope 30 years ago, ran a half-page newspaper advertisement — and the picture fell flat on its face.

I inquired around town as to the reason. "It's a fairy story," I was told. "And what," I replied, "do you think the horse opera Westerns are?"

I was disgusted and mad. I did something I had never done before and haven't since: I told Remmel to bring the picture back a couple of months later and I donated a quarter-page of advertising and plugged the show editorially. It fell flat again.

Some years later Remmel, then in the Army, wrote me from San Francisco:

"Now I know what you saw in the first showing of 'The Wizard'. It's playing at the Military Service Center and the troops have held it over for the sixth consecutive week."

"The Wizard" was off to world acclaim — now in its 11th annual showing on national TV.

Scale-down by Nixon to Lessen Opposition to Missile System

By ROBERT WALKER
Associated Press Writer
WASHINGTON (AP) — An expected move by President Nixon to scale down plans for the Sentinel program may lessen opposition to the antimissile defense system, especially in Congress.

Nixon studied the controversial antiballistic missile program over the weekend in Florida and is scheduled to announce a decision early this week to employ a modified "thin" system with perhaps fewer missile sites than originally planned and further away from major population centers.

Employment in Nation Increases

WASHINGTON (AP) — The nation's total employment rose substantially for the fifth straight month to 76.2 million in February and unemployment remained at a 15-year low of 3.3 per cent, the Labor Department said today.

"It occurred in almost all the industries," Asst. Commissioner Harold Goldstein of the Bureau of Labor Statistics said of the employment increase totaling 380,000 last month.

The total of Americans at work had risen 1.6 million in the last five months, twice the rate of growth in the first nine months of last year, Goldstein said.

The total employment figure of 76.2 million is an all-time high after adjustment for seasonal factors, he said.

The total of unemployed in February was 2.9 million. About one-fourth of them were seeking only part time jobs.

Newspapers Pact Ruled Illegal

WASHINGTON (AP) — The Supreme Court ruled today that a joint operating agreement between the two daily newspapers in Tucson, Ariz., is illegal "beyond peradventure of doubt."

Justice William O. Douglas, speaking for the court, said pooling of profits to a fixed ratio and an agreement not to engage in any other publishing business in Pima County clearly violate antitrust law.

Moreover, he said the joint agreement could not be justified on the theory that it was necessary to save a failing company, the Tucson Daily Citizen.

He said the evidence sustains the finding of a federal district court judge that in 1940, when the agreement was reached with operators of the Arizona Daily Star the company that publishes the Daily Citizen was not on the verge of going out of business.

Estimated 22 Million Americans Suffering From Hypertension

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

In our tense society, an estimated 22 million Americans suffer from hypertension, or high blood pressure. But the good news is that new methods of control during the last decade have cut the death rate from this mysterious disease by 50 per cent.

Lady, do you insist on having your husband help you with household chores? The British medical journal, "Pulse," warns that such activity after a hard day's work on his own job can adversely affect a man's health.

Poor kids are getting an educational break at last, thanks in part at least to U.S. financial aid to students, in 1966 only 7.5 per cent of freshmen students enrolling in college came from families with annual incomes of \$5,000 or less. By 1968 the figure had risen to 11 per cent.

What can you get for a penny

Mike Mansfield said in an interview that a cutback in the proposed number of missile sites "will satisfy some people" in Congress who are worried about the cost of the proposed ABM program.

Critics fear the system once started will grow both in cost and intent from one originally estimated at \$5 billion to protect against Chinese Communist rockets to a \$40 billion system geared against the Soviet Union. They see this as a major escalation of the arms race.

Even supporters of the Sentinel admit the high cost, that it would take three years to build and would be capable of intercepting only small numbers of unsophisticated intercontinental ballistic missiles.

Mansfield is one of a powerful group of senators, which includes Edward M. Kennedy, D-Mass., and J. W. Fulbright, D-Ark., who have been fighting immediate deployment of the Sentinel missile system.

An Associated Press poll over the weekend showed 47 senators opposing funds this year for

Apollo Flight in Final Stage Drifts

By HOWARD BENEDICT
AP Aerospace Writer
SPACE CENTER, Houston (AP) — Drifting to conserve fuel, and dreaming of home, the Apollo 9 astronauts sped today into the final stages of their space mission.

Air Force Col. James A. McDivitt and David R. Scott and civilian a Russell L. Schweickart had another light schedule of picture taking, navigation checks and resting.

The major flight plan event was a firing of the main space-ship engine to jockey the craft into a more favorable path for scheduled splashdown Thursday.

The astronauts had completed 97 per cent of their flight objectives. The crucial lunar module — LEM — checkout, Schweickart's space walk and the rendezvous of the LEM and command module occurred in the first five days.

They are remaining aloft to prove the reliability of the Apollo command ship for 10 days, the longest period presently planned for man-to-the-moon missions.

As Apollo 9 circled overhead, preparations proceeded for the next step, with the rocket and spaceship for Apollo 10 rolling to a Cape Kennedy launch pad today.

Court Rules in Favor of Defendants

WASHINGTON (AP) — Criminal defendants whose conversations or "premises" were bugged by federal agents have a right to examine government transcripts and logs, the Supreme Court ruled 5 to 3 today.

This includes government records relating to national security matters. The Justice Department has argued strenuously against such action.

The point of the examination by defense attorneys is to determine if prosecution was built on illegal eavesdropping.

The government already had conceded its obligation to disclose illegal bugging if the bugging helped the prosecution. But it maintained this examination should be done by a federal judge—not by the defendant's lawyers.

The court, in an opinion by Justice Byron R. White, a former Justice Department official, disagreed. He said if the bugging hearings "are to be more than a formality and petitioners (defendants) not left entirely to reliance on government testimony there should be turned over to them the records of those overheard conversations which the government was not entitled to use in building its case against them."

Joined with White were Chief Justice Earl Warren and Justices William O. Douglas, William J. Brennan Jr. and Potter Stewart.

Justices Hugo L. Black, John M. Harlan and Abe Fortas dissented. Justice Thurgood Marshall did not participate, presumably because of his recent Justice Department service.

Republican Workshop Here March 12

A workshop for officers and committee chairmen will be conducted in Hope by state officers for Republican women of this area.

Mrs. Lester Hobbs, whose late husband lived in Hope for many years, will discuss public relations. Mrs. Hobbs is employed in the state office and has had years of experience.

The workshop will be held at the Town and Country Wednesday, March 12 at 11:30 a.m. The cost attending is \$3 and this includes lunch. Other discussions will be led by:

Dorothy Webb, leadership; Mrs. Frank McGillicuddy, membership; Marilyn Ellen, program; Arden Catter, finance.

This is the first in a series of workshops that will be held across the state. Area counties invited are Sevier, Nevada, Howard, Lafayette, Hempstead and Miller.

One highlight of the program will be Art Robertson, representing Citizens for Good Government, who will discuss legislation.

China Blames Border Clash on Russia

TOKYO (AP) — Communist China charged today that the Soviet Union provoked the Manchurian border clash March 2 to divert the attention of Russians who are massing for a "revolution" against "Soviet fascist rule."

Some Western analysts have suggested that Peking provoked the bloody fight for a similar reason—to make the Chinese forget internal dissensions and rally behind Mao Tse-tung by raising the specter of a "Soviet threat."

Boistering this view was an announcement from Peking Sunday that Red Chinese militiamen and peasants are patrolling with frontier guards "in preparedness for war."

Hope Public Schools will be closed the rest of this week due to the large number of absentees because of influenza.

Top Egypt General Is Killed by Israel Shell in 2 Days of Fighting

By MARCUS ELLISON

TEL AVIV (AP) — After two days of heavy shelling, the Suez Canal was reported quiet again today. Egypt prepared a hero's funeral for its army chief of staff, Gen. Abdel Monem Riad, who was fatally wounded by an Israeli shell Sunday.

"They are burying their general at noon, so we don't expect trouble today," an Israeli military source said.

U.N. observers blamed Egypt for the start of the artillery duel Saturday. They reported to U.N. headquarters that they observed the Egyptians firing from one to 32 minutes before the Israelis

Bankers Not Worried by French Franc

By CARL HARTMAN
Associated Press Writer
BASEL, Switzerland (AP) — Western Europe's central bankers decided Sunday the French franc's new troubles don't require international action.

After their regular monthly meeting, several of the bankers said the French government has enough gold to cope with the current flow of money beyond its borders.

They also said France has not asked for help under emergency arrangements the bankers made last month to help countries with money troubles.

However, the present uncertainty about the franc will not be resolved until the French government and the country's labor unions settle their differences over wages. The unions have called a 24-hour general strike Tuesday.

The unions are seeking a 12 per cent wage increase. The government is resisting such a large boost would make French exports so expensive the value of the franc would have to be lowered so French business could compete in international markets.

Devaluation of the franc might force Britain and the United States to cut the value of their currencies. But in a more serious money crisis last fall President Charles de Gaulle refused to devalue.

Unless the labor situation deteriorates to the point of an extended general strike, as it did last May, there is no reason to believe de Gaulle will consider devaluation.

Anticipation of devaluation cost French national reserves

Vietnamese Troops Are Ambushed

By GEORGE ESPEY
Associated Press Writer
SAIGON (AP) — Hundreds of enemy troops ambushed about 300 South Vietnamese paratroopers, killing 30 of the government soldiers and wounding 105 in a two-day battle that was still going on late today, the Saigon government said.

The savage battle said was one of five major fights reported in the past 24 hours—at three points near the Cambodian border and to the north and south of Saigon. The dead included 31 Americans and at least 127 Viet Cong and North Vietnamese, allied spokesmen said.

The Viet Cong also destroyed more than 35 towns and allied bases during the night as the enemy's spring offensive continued in its third week. U.S. Defense Secretary Melvin R. Laird told newsmen as he left Saigon after a four-day visit that the offensive is a "calculated escalation of the war." But he said it "has not been successful" and the rocket attacks which have been made on Saigon were not significant.

Laird would not reveal the recommendations he is carrying back to President Nixon, except to say that he would request additional funds to strengthen the South Vietnamese armed services. At Da Nang Sunday, he had indicated the amount would be about \$70 million.

The secretary said some American troops would be replaced in due course by South Vietnamese as the latter's armed forces grew stronger. But he would not give any timetable.

Laird said the question of the mutual withdrawal of American and North Vietnamese troops is one of the subjects under consideration in Paris, and consequently he did not feel it proper to comment further in Saigon.

Editor Is President of The Star

Alex. H. Washburn, editor of The Star, was elected president following the annual stockholders' meeting and organizational meeting of the board of directors of Star Publishing Co. this morning (Monday).

Washburn and the late C.E. Palmer of Texarkana consolidated the old Star of Hope and the Hope Daily Press as Hope Star Jan. 18, 1929, owning Star Publishing Co. as a 50-50 venture. Palmer was president and Washburn secretary-treasurer. Upon Mr. Palmer's death in 1957 Mrs. Palmer succeeded as president.

With the purchase of Mrs. Palmer's 26 shares, announced in January this year, Washburn became 76 per cent owner of the company, balance 24 shares being held by Texarkana Newspapers, Inc.

At today's stockholders' meeting the board of directors was increased from three to five. The five new directors, all executives of the newspaper and residents of Hope, are: Washburn; Paul H. Jones, general manager and managing editor; Donal Parker, advertising manager; C.M. (Pod) Rogers, Jr., circulation manager; and Billy Dan Jones, mechanical superintendent.

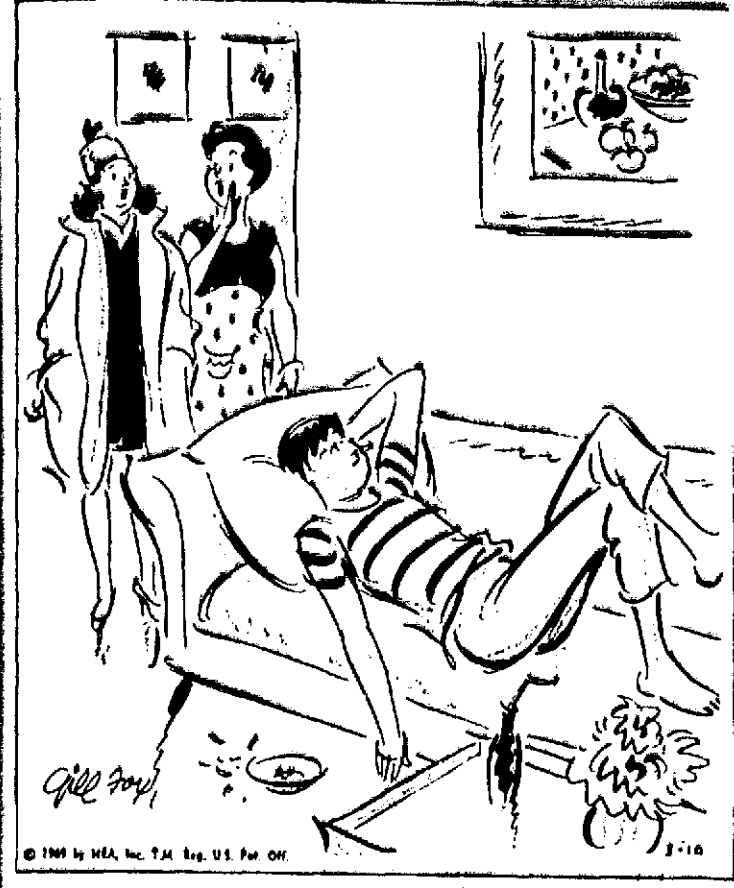

Jones succeeded Washburn as secretary-treasurer, and Parker was elected vice-president.

Washburn told the organization that while the major part of the newspaper's conversion to offset printing has been completed there still remains the job of replacing the temporary "cold type" machines installed in June 1966 with permanent equipment. The machines which have produced The Star's type since 1966 are Just-O-Writers, similar to typewriters, using typewriter ribbons and having to run perforated tape through the machines twice.

The latest equipment is photo-composers with built-in computers, and Washburn and Mechanical Superintendent Jones will begin field trips this Spring to study such machines in operation in Tennessee and elsewhere, expecting to install them at The Star either this year or next.

New Securities Boss Called the Judge

By TOM STEWART
Associated Press Writer
WASHINGTON (AP) — He is called the "Judge" and the title says a lot about the style of Hamer H. Budge, new boss of the Securities and Exchange Commission.

The quiet, closed-mouth, judicial way of doing business used by the 58-year-old former Idaho congressman puts him in sharp contrast to his old friend and predecessor, Manuel F. Cohen, who resigned last month under pressure from President Nixon.

But the new chairman, who was elevated to the job after serving as an SEC member since 1964, says there won't be major changes in the policy of the commission, which was criticized by Nixon during the presidential campaign as "heavy handed."

While refusing to comment on the Nixon charges, Budge said "I think the SEC will continue to do its job just as it has in the past," he said in an interview.

And so do his subordinates, many of whom admit they will miss the stormy weather that seemed to mark the Cohen years.

"Nixon has picked a man who's 110 per cent behind our enforcement programs," one attorney said.

"Judge Budge is very enforcement minded," he added. "I don't think it would be right to say the President has picked him with the idea he'll lay low or go light on the industry."

At the same time, observers figure Budge to be less an innovator than Cohen, who kept Wall Street constantly on edge.

While Budge spent only three years in his pre-SEC days as a federal judge, compared with a full decade as Republican congressman from Idaho, the time on the bench seems to have left the more lasting mark.

"When he sits there," an SEC official said, "he looks like a judge. Think like one too. He does a good job of getting right to the heart of something with a single question."

Another Budge-watcher said there need be no concern about the new chairman, so long as he is faced with courses of action where the law indicates what must be done.

"He tends to be rather a pur-

ist on the law, it seemed to me," he said. "If the law says A plus B equals C then it doesn't matter how activist or nonactivist the judge is. He'll do what the law says and nothing will keep him from it."

While Budge likes to keep his opinion to himself, he expresses concern about giantism in American business.

"Too great a concentration of power—this is my own personal philosophy now, doesn't have anything to do with the SEC—is always something which should be watched," he said.

"I don't care if it's in the government, in private industry, the banking industry or the securities industry."

"The basic role of the SEC is to see to it to the best of its ability that the securities market places are honest and efficient," Budge said, "and that the products—the securities—marketed in those places are honest products."

Here's What Sirhan Told the Jury

By HARRY F. ROSENTHAL
Associated Press Writer
LOS ANGELES (AP) — On the fourth of June last year, Sirhan Bishara Sirhan mulled over ways to spend a leisurely, warm day. He says he considered the races, a gunnery range, a Rosicrucian meeting or work on his car that night.

Robert F. Kennedy, he says, was not in his thoughts.

Psychiatrists and psychologists will attempt, beginning today, to interpret nine months later what was in Sirhan's mind when he shot the senator that night.

Sirhan professes not to remember. A series of chance, spot decisions put him into position to place his stubby little \$25

Rescued Miner Relaxes in Hospital Bed

By LARRY KURTZ
Associated Press Writer
LARK, Utah (A) — Tough, grizzled William "Buck" Jones relaxed in a hospital bed today, freed from the tiny cell of rock that held him captive deep in a Utah mountain for eight days.

Jones, 61-year-old father of 11, was brought to safety Sunday night by rescuers who had tunneled tediously through 25 feet of rock to his cubicle.

After an emotional reunion with his big family at the mine entrance, Jones was whisked 20 miles to a Salt Lake City hospital for examination and rest. He looked weary, but obviously was in high spirits.

"I want a shower!" he shouted. "I think I need it." The echo rang down the hospital corridor.

He got a bath instead. Then he shaved himself, had a dinner of ham and eggs and watched a television replay of his rescue.

A hospital spokesman said there would be no immediate interviews.

It was a tearful, joyful scene when the tunnel train carrying Jones to safety reached the surface after a 4½-mile ride from the shaft in which he was trapped by a cave-in March 1.

A cheer went up from more than 300 persons crowding the tunnel opening, including Jones' entire family. Her eyes glistening, Mrs. Jones cried, "Buck, I love you!" His children shouted, "Hi, dad!"

"Hello, mother," the weary, bearded Jones said to his wife. Then the two spent a private moment in the covered mine car before fellow miners carried him to an ambulance.

"His kisses were very dusty," said daughter Velma Jones. Mrs. Jones said he was "very tired" but had laughed and talked with her.

A nurse said Jones did not appear to have any cuts or bad bruises, but had "awfully red knees, probably from having to kneel a lot."

Jones' quarters were about 5 feet wide, and only high enough for him to crouch in.

The rescue climaxed days of danger and frustration for workers who risked their own lives in the narrow shaft of the lead, zinc and silver mine.

Officials had feared a new cave-in which could have crushed Jones and taken the lives of his rescuers.

A direct route through the 12-to-15 feet of mud and rock which sealed Jones in the tunnel was abandoned after four days because of cave-in danger. An attempt to drill an escape tunnel with diamond bits also ran into problems. The rescue was finally made through a tunnel which workers began chopping through solid rock Thursday.

Rescuers had to pull Jones through a passageway less than two feet wide, but he was far from helpless.

"He came right down a ladder by himself," said rescuer Walt Graham. Another rescuer, Jack Glancy, said, "He believes God saved him. Nobody is going to change his mind on that."

Jones was trapped when the side of a tunnel in which he and another miner were working caved in. The other miner, Gerald Charles, 25, jumped free.

For 3½ days, there was only silence as rescue workers picked slowly through the rubble. Then Jones startled them Wednesday morning by calling out:

"When are you going to get me out of here?"

Late Sunday night, Jones was watching television in his hospital room when he saw a visitor in the hall.

"All I have to say," Jones remarked, "is that God had His arms around me."

revolver near the senator's head, he said last week in 3½ days of testimony during his trial for first degree murder. The prosecution says Sirhan's diaries prove the action was premeditated.

The 24-year-old Jordanian Arab, who said he has a "built-in bug" about Jews, Zionists and Israel, said his love for Kennedy turned to hate when he found out about the New York senator's long-standing support of Israel.

"Curiosity," replied Sirhan when asked why he went to Kennedy's hotel.

Kennedy, too, had a day of relaxation. Behind him were 81 days of his campaign for the Democratic nomination for president of the United States.

This day, when Californians voted in their primary, would make or break the quest.

Kennedy frolicked with his children in the surf at Malibu, then returned to the Ambassador Hotel in Los Angeles for his brief taste of victory.

Sirhan, jobless but with \$400 left from a \$2,000 settlement for a fall from a horse, arose at 10

a.m. and made his first decision of the day. The entries at Hollywood Park race track displeased him. He decided not to go.

"I had the idea of going target shooting," he testified. Three days earlier, he bought a box of minimag ammunition more powerful than any he had used before. The minimags, he said, were suggested by a salesman who was out of Sirhan's favorite brand.

He bought more than a half-dozen boxes of ammunition and practiced at the San Gabriel Valley Gun Club until closing

time, 5 o'clock, when all he had left were the eight cartridges in his gun.

He put the gun in the back seat of his car and, en route home, stopped at a restaurant in Pasadena.

His chronology continued: At the restaurant he met a friend named Mistri, an East Indian exchange student. He challenged Mistri to a couple of games of pool and was turned down.

But Mistri had bought a newspaper and Sirhan looked through it. "An advertisement

caught my attention," Sirhan said.

The ad was for a "Miracle March for Israel," along Wilshire Boulevard commemorating Israel's victory in the six-day war with the Arabs a year earlier.

"The fire started burning inside of me, sir, at seeing how these Zionists, these Jews, these Israelis, and whoever in hell they were that were supporting this ad, rub in the fact that they had beat the hell out of the Arabs one year before," said Sirhan, his voice rising.
